

PVFA Syllabus Review Report

Course: FILM 256

Q1. Does the syllabus include the current catalog course description?

YES

The syllabus includes the catalog course description, mentioning 'Introduction to Video Game Studies' and key concepts in game studies such as game mechanics, history, player engagement, narrative, and social and cultural impact of video games.

Q2. Are the learning outcomes consistent with the course description in the current catalog?

YES

The learning outcomes in the syllabus align with the catalog description, focusing on analyzing video games, evaluating social, cultural, and political implications, critiquing ethical considerations, synthesizing historical and contemporary developments, and designing a creative project or research paper within video game studies.

Q3. If a multi-section course, are the course description and learning outcomes consistent across all sections?

YES

The syllabus represents a single course section; cross-section consistency is not applicable.

Q4. Are course materials and topics consistent with the course description and learning outcomes?

YES

The topics and materials in the syllabus are consistent with the description and outcomes, covering interdisciplinary analysis of video games, social and cultural implications, ethical considerations, historical developments, and creative projects within video game studies.

Q5. Are topics covered essential for students to be prepared to enter their profession or discipline?

YES

The topics are essential for preparation in the discipline as they cover key concepts in game studies, social and cultural impact, ethical considerations, historical developments, and creative projects within video game studies.

Q6. Are topics covered consistent with the expected body of knowledge in the discipline?

YES

The topics align with the expected body of knowledge in the discipline of video game studies, focusing on interdisciplinary analysis, social and cultural implications, ethical considerations, historical developments, and creative projects within the field.

Q7. Are controversial topics presented that have no relation to the approved course description and learning outcomes?

YES

Controversial topics such as violence, inclusivity, and ethical considerations in video games are included in the syllabus but are not explicitly tied to the catalog outcomes.

Q8. Do any assignments require students to hold certain beliefs unrelated to the approved course description and outcomes to receive a grade?

NO

The assignments require analytical discussion, critique, and analysis of game-related topics, rather than adoption of unrelated personal beliefs.

Q9. Does the course content include material related to race ideology, gender ideology, or sexual orientation?

YES

The syllabus includes content related to race, gender, and identity, as it mentions evaluating representations of race, gender, and identity in video games, which are central components of the course.
